Dr Joshua Philipp **Entrop**

Profile

I'm an energetic and enthusiastic **biostatistician** with expertise in real-world evidence, causal inference, survival analysis, and statistical consulting. I have worked on several applied research projects as well as in methods development throughout my work and PhD which led to various peer-reviewed publications as well as 4 software packages for R. In the research process, the statistical modelling and the interpretation of results together with subject experts get me excited.

Personal information

Year of birth: **1995**
Citizenship: **German, Swedish**
Languages: **English** (C1), **Swedish** (C1), **German** (native)

Skills

- Biostatistics
- Causal inference
- Epidemiology
- R, Stata, Git, GNU Make, LaTeX
- C++, SAS, MS Office

Updated 2025/11/16

Experience

Biostatistician at *Red Door Analytics AB (Stockholm, Sweden).* **2025–pres.**

- Statistical consulting for academic projects - SAPs, analysis, reporting
- Focus areas: causal inference, and reproducibility of statistical analyses
- Organisation of courses in statistics

Statistician at *Division for Clinical Epidemiology, Karolinska Institutet (Stockholm, Sweden).* **2021–2025**

- Statistical consulting for internal and external projects
- Data handler for the LymphomaBaSe linkage including data on 4 million individuals from various Swedish national and quality registers
- Data applications to Socialstyrelsen and Statistics Sweden

Education

PhD in Medical Science. *Karolinska Institutet, Sweden.* **2020–2025**

- Skills: Survival analysis, causal inference, recurrent events, reproducible research, lymphoma
- Thesis title: *Development and application of modern statistical methods for studies of childbearing among lymphoma survivors* (main supervisor Dr. Sandra Eloranta)
- 5 peer-reviewed publications, 3 as first-author
- 7 presentations at international conferences
- Secured approx. 300 000 SEK in funding for research visits, travels, and international courses
- 80 teaching hours in biostatistics to PhD students in medical science

Master of Science in Public Health Epidemiology. *Karolinska Institutet, Sweden.* **2018–2020**

- Grade: Passed with distinction
- Skills: Biostatistics, study design for observational data, clinical epidemiology.

Bachelor of Arts in Social Science. *Ruhr-University Bochum, Germany.* **2015–2018**

- Grade: Passed with distinction
- Skills: Statistics, empirical research methods, socioeconomics

Additional merits

Student Prize for Best Conference Abstract *International Society of Clinical Biostatistics (ISCB)*

Price for Best Master Thesis. *German Association for Medical Informatics, Biometry and Epidemiology (GMDS) e. V.* **2021**

Scholarship holder of the German Academic Exchange Service (DAAD). *Merit-based scholarship.* **2019-2020**

Scholarship holder of the Friedrich-Ebert Foundation. *Merit-based scholarship.* **2015-2020**

Interests

Hiking, rowing, equestrian vaulting, cinema
